

<b>Name</b>	Marie Bartley
Category of governor	Associate
Term of office	To July 2026
Business / work	School Business Manager – St John's
Governance experience	I have been an associate governor at St John's since May 2014, my second day in post. I am a member of the Staffing, Resources & Finance and Premises & Community committees.
Hobbies and interests	I try to go to the gym or run as often as possible and love going to the theatre and gigs particularly to hear new music. Contrary to popular opinion, I do not spend my spare time inventing new and ever more complicated spreadsheets.
Links to the school/area	I am employed in school. I am also a member of the board of Centre West.
Why did you become a governor?	My role in school mainly involves looking after the budgets, policies and The Turf. Hopefully, this expertise is what I bring to Governors. St John's is without doubt the most warm, welcoming environment I have ever worked in. It is a privilege to work in a school with such a loyal, dedicated team behind it.
